

French Year 5 w/c 8th June 2020

This week we will go back to the café, but this time we will have a go at the conversation ourselves! We will gradually build up so that we are ready to order, ask for the bill and find out how much we owe. We will also see if we can cope in an authentic French situation, responding to what a real French person might say! Click on the link below and scroll down to where it says "In a café". Click on Lesson 2 "Taking part in a conversation in a café" and watch the video.
