

Y5 French. Week commencing 18th May 2020

Click on the link below and go down to where it says "Arriving in France". Click on Lesson 2 "Introducing yourself".

This is a really good video as it revises greetings, numbers, months, birthdays. There is some pronunciation practice and a quiz. You will need to write some answers in your book.

Just one little thing; there is a pronunciation error for "août".

The teacher pronounces it more like "out". I have never heard it said like that - it is more like "oot". So just listen out for that one. Good luck!
