

## Maths Home Learning

### Task 1

This week in Maths, we will be looking at subtracting. Can you complete these questions, making sure you draw the place value grid to help you as well as showing the column subtraction like the example?

$$5,624 - 2,301 =$$

$$3,412 - 1,201 =$$

$$5,361 - 3,241 =$$

$$7,405 - 404 =$$

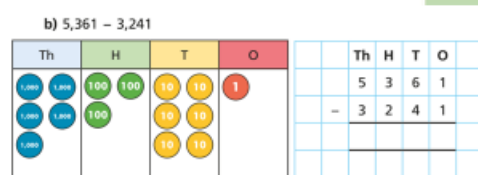

$$9,316 - 7,205 =$$

$$4,927 - 315 =$$

$$8,061 - 3,060 =$$

$$6,205 - 104 =$$

$$3,749 - 1,642 =$$

### Task 2

**True or False?** Subtract two 4-digit numbers - more than one exchange

Tommy is using a place value grid to explore  $4,211 - 1,288$

Th	H	T	O
4000	200	10	1

I will need to do 2 exchanges to find the answer.
