

	Class: Year 3	Learning question for the term: Who first lived in Britain	Science focus for the term: Animals including Humans	RE focus for the term: Hinduism
<p>At Coningsby St Michael's, we believe all areas of the curriculum are important. This term we would like you to choose a minimum of 4 activities from the grid below, as your homework tasks. Other than reading and times table practise, no weekly homework will be set. We hope that this style of homework will encourage everyone to take part and give parents a chance to become more involved in working with their children on fun, creative and exciting activities. Children's completed homework tasks will be recorded and monitored. Children who successfully engage in home learning tasks will be rewarded at school.</p> <p>Please ask parents, family members or friends to join in and have fun. You can use your homework task book for writing tasks, evidence logs, saving photos or collecting any other evidence of your learning. When each task is completed you need to bring it in or take photographs. The photographs do not have to be printed and can be sent to your class teacher using Class Dojo. When evidence is seen we will tick off your tasks and record your choices. We are hoping by giving everyone choices that a selection of activities will be completed by pupils with support from family members. Teachers will speak to parents if children are not engaging in home learning activities.</p>				
Maths Make your own clock from card or paper and try telling the time to the nearest 5-minute interval, including o'clock, half past, quarter past and quarter to.	English Imagine you are the boy from The Stone Age. Can you write a letter to your parents about your first day in The Stone Age? Don't forget to include how you might be feeling.
