

	Classes – Owls, Squirrels, Hedgehogs	Learning question for the term– Will it snow this summer?	Science focus for the term – Seasons.	RE focus for the term – Islam.
<p>At Coningsby St Michael's, we believe all areas of the curriculum are important. This term we would like you to choose a minimum of 4 activities from the grid below, as your homework tasks. Other than reading and times table practise, no weekly homework will be set. We hope that this style of homework will encourage everyone to take part and give parents a chance to become more involved in working with their children on fun, creative and exciting activities. Children's completed homework tasks will be recorded and monitored. Children who successfully engage in home learning tasks will be rewarded at school. Please ask parents, family members or friends to join in and have fun. You can use your homework task book for writing tasks, evidence logs, saving photos or collecting any other evidence of your learning. When each task is completed you need to bring it in or take photographs. The photographs do not have to be printed and can be sent to your class teacher using Class Dojo. When evidence is seen we will tick off your tasks and record your choices. We are hoping by giving everyone choices that a selection of activities will be completed by pupils with support from family members. Teachers will speak to parents if children are not engaging in home learning activities.</p>				
Maths - Year 1 – Practice showing your fingers and say the number you are holding up quickly. Year 2 – Do you know all your number bonds to 20 and related number facts? Here is one done for you. $12 + 8 = 20$ $20 - 12 = 8$ $8 + 12 = 20$ $20 = 12 + 8$ $20 - 8 = 12$ $20 = 8 + 12$		English Do you live near some woods? Go for a walk in the woods, look and listen to all the animals around you, can you use your senses to write a setting description about what you can see and hear around you. Or you could walk around your nearest park.	Science Make a rain gauge by cutting a plastic bottle in half and collecting the rain over a week. Can you measure how much rain fell and then make a graph from the data? What time does the sun rise and sun set? Observe how the days are getting longer and record your findings in a table.	Art/DT This term in art we are doing printing. Go out on a nature walk and find some leaves. Leaf rubbing is considered the oldest form of print making. Paint one side of the leaf and print it onto a piece of paper, make repeating patterns.
RE Can you find out and research some information about Ramadan and the festival of Eid ul Fitr? You could show all the ways Eid ul Fitr is celebrated and present on a poster.		Geography Keep a weather diary for a couple of weeks and see if you can compare the daily weather to the seasonal weather. Write down your findings.	ICT - This term we are collecting and grouping data. See if you can count a small number of objects, before and after they are grouped. Then sort the objects into different groups, based on the properties you choose.	Maths – Year 1 – Can you find one more and one less than any given number up to 20? Year 2 – Can you find one more and one less of any given number to 100?
English Research woodland animals, which one is your favourite? Can you write a description of it using expanded noun phrases? Include a picture so your reader can see what you are describing.		PSHE This term we are learning how to be healthy. Can you prepare and cook a healthy meal for your family? What ingredients did you use? How did you measure them?	Maths Can you find half and a quarter? Look around your house for different objects them split them in half? Do the same for quarters, what do you notice?	Cooking It's coming up to Easter! Can you bake some Easter biscuits and decorate them as Easter bunnies?
Reading – Children should be encouraged to read every day. Please spend 5 or 10 minutes listening to your child read and discussing their books. Children need to read their books 3/4 times so they understand it.			Maths – All children from Year 1 to Year 6 have all been provided with a log in for Numbots. Children should be completing at least 3x5 minutes each week.
