

Classes – Owls, Squirrels, Hedgehogs

Learning question for the term –
What is it like in the North Pole?

Science focus for the term –
Animals Including Humans – Senses.

RE focus for the term –
Islam.

At Coningsby St Michael's, we believe all areas of the curriculum are important. This term we would like you to choose a minimum of 4 activities from the grid below, as your homework tasks. Other than reading and times table practise, no weekly homework will be set. We hope that this style of homework will encourage everyone to take part and give parents a chance to become more involved in working with their children on fun, creative and exciting activities. Children's completed homework tasks will be recorded and monitored. Children who successfully engage in home learning tasks will be rewarded at school. Please ask parents, family members or friends to join in and have fun. You can use your homework task book for writing tasks, evidence logs, saving photos or collecting any other evidence of your learning. When each task is completed you need to bring it in or take photographs. The photographs do not have to be printed and can be sent to your class teacher using Class Dojo. When evidence is seen we will tick off your tasks and record your choices. We are hoping by giving everyone choices that a selection of activities will be completed by pupils with support from family members. Teachers will speak to parents if children are not engaging in home learning activities.

<p>Maths Year 1 – Pick 2 numbers between 1-10 and add them together, if you find this too easy then pick a 2-digit number and a 1-digit number and add them together. Year 2 - Pick 2 2digit numbers and add them together, how can you check if they are correct?</p>	<p>English Do you know where the North Pole is? Have a look at a picture of it and see if you can write a setting description using your senses to describe it, use expanded noun phrases and adverbs to make it more interesting.</p>	<p>Science What are our senses? Go outside, use your senses and record what you can hear, what you can smell, what you can see, what you can taste and what you can feel.</p>	<p>Art/DT Our artist this term is Paul Cezanne, he was a painter, but he did not always use colour. Can you research some of his work and make a drawing using one of his pictures for inspiration?</p>
<p>RE Think about all the amazing qualities you and your family have, can you make a poster displaying what they are, like caring, brave, courageous, loving and kind.</p>	<p>Geography This term we will be learning about what it is like at the North Pole. Can you do some research and make a fact file? Add pictures to make it more interesting.</p>	<p>ICT This term we will be using Bee Bots to learn about direction and position. Can you give a member of your family directions on how to walk around your house?</p>	<p>Maths - Pick 2 numbers, make sure the first number is bigger, then subtract the second number, start with 2 1-digit numbers then move onto 2-digit numbers.</p>
<p>English Research North Pole animals, which one is your favourite? Can you write a description of it using expanded noun phrases? Include a picture so your reader can see what you are describing.</p>	<p>PSHE Can you set yourself a simple goal at home that you can achieve, like reading your book every night, or putting your clothes away, or tidying your bedroom?</p>	<p>Maths How many different 2D shapes can you find in your house? Can you work out the properties of them, how many sides and vertices, are they symmetrical? Can you put them together to create pictures?</p>	<p>Cooking Research a recipe and make a healthy balanced meal for your family. What ingredients did you use, how did you measure them?</p>
<p>Reading – Children should be encouraged to read every day. Please spend 5 or 10 minutes listening to your child read and discussing their books. Children need to read their books 3/4 times so they understand it.</p>		<p>Maths – All children from Year 1 to Year 6 have all been provided with a log in for Numbots. Children should be completing at least 3x5 minutes each week.</p>
