

Summer Term 1

Where in the world is important to you?

EYFS 2023

Welcome back

This term we will be exploring our locality and the places which are important to us.

Our highlights this term will include:

- Learning how to care for our local area like Umuanda in Rwanda.
- Working out how to make things waterproof, making rainbows and shadows.
- Building our own houses and local area collaboratively.
- We will be looking at bullying and friendships as part of PSED.

Dates and notes:

We will be hoping to do more community visits this term to get out and about in our local area. If you know of anything which would be appropriate for our children to be involved in please do let us know.

ISing POP will be doing a week long workshop in school on the 15th of May. Details to be sent out nearer the time.

We will be outside a lot more now the weather is better. Please send children in with wellies. We do have a limited number of mud suits so if you have any at home and don't mind sending them in for your child it would be greatly appreciated.

In Literacy...

We will be exploring the Creation story to support and extend our learning in R.E. We will be learning about Billy's Bucket and what he picks up on his travels around places which are important to him.

We will be listening to, learning, writing and performing poetry to develop our confidence more and learn about rhyme and form.

In Maths...

We will be exploring numbers to 20 in depth. We will be building, partitioning and working out quick methods to recognise them.

We will be learning about first, then, next and positional and directional language.

In The World, Expressive Art and R.E...

We will be looking at material mapping and exploring our local area. We will learn how to read maps and make observations for a map.

We will learn how to construct with junk and practise the skills of designing and evaluating what we have made.

We will be exploring who God is to Christians and how this impacts their lives.
