

	Class – Hedgehogs, Squirrels and Owls	Learning question for the term– Would you like to go on safari?	Science focus for the term – Plants	RE focus for the term – Thankfulness.
<p>At Coningsby St Michael's, we believe all areas of the curriculum are important. This term we would like you to choose a minimum of 4 activities from the grid below, as your homework tasks. Other than reading and times table practise, no weekly homework will be set. We hope that this style of homework will encourage everyone to take part and give parents a chance to become more involved in working with their children on fun, creative and exciting activities. Children's completed homework tasks will be recorded and monitored. Children who successfully engage in home learning tasks will be rewarded at school. Please ask parents, family members or friends to join in and have fun. You can use your homework task book for writing tasks, evidence logs, saving photos or collecting any other evidence of your learning. When each task is completed you need to bring it in or take photographs. The photographs do not have to be printed and can be sent to your class teacher using Class Dojo. When evidence is seen we will tick off your tasks and record your choices. We are hoping by giving everyone choices that a selection of activities will be completed by pupils with support from family members. Teachers will speak to parents if children are not engaging in home learning activities.</p>				
Maths Collect some data from people in your family and show this using a tally chart, pictogram or block chart! Can you think of any questions you could ask and answer about your data?	English Create your own monster like the ones in where the wild things are. Can you write a description of one of your monster? Make it more interesting by using expanding noun phrases.	Science This term we will be going green! Can you plant some seeds? Maybe you could grow sunflowers or pumpkins? Take pictures of whatever you are growing so that you can observe how they change. Then look at the lifecycle of a plant, can you draw and label it?	Art Look at traditional African clothing. Explore the bold, bright patterns. Design your own pattern and then design an outfit of your own using your pattern.	
RE https://www.bbc.co.uk/teach/school-radio/assemblies-ks1-ks2-harvest-festival-food-being-thankful/z896qfr Watch the video. What crops do the boys grow on their farm and what are they made into? Why is Harvest important?	Geography Where is Africa? What is it like there? Do a research project on Africa. Present your findings how ever you want to. You could even create a powerpoint and put your computing skills to good use!	ICT https://www.j2e.com/jit5#pictogram Choose a template to create a pictogram then either collect information from your family to see what their favourites are or make it up to create tally charts and pictograms.	Maths Collect up lots of different containers. Work out which one holds the most water and which one holds the least. Put them in order. Using a measuring jug work out how many millilitres of water each container holds. Record your results.	
English Using your monster, can you use your descriptive writing skills to do a setting description of where your monster lives? Now try writing your own story about your monster. Remember the features of a story!	PSHE Choose one of your friends from home or school. Make a list of things that you have in common and things that are different about you.	Maths Draw round everyone's foot. Cut them all out and order them by size. Use lego, 1p coins and pasta pieces to measure each foot. Who has the longest foot? Who has the shortest foot?	Cooking If you have grown your own vegetables, can you make something with it? Or you could design a very healthy meal using lots of vegetables and then make it.	
Reading – Children should be encouraged to read every day. Please spend 5 or 10 minutes listening to your child read and discussing their books. Children need to read their books 3/4 times so they understand it.		Maths – All children from Year 1 to Year 6 have all been provided with a log in for Times Table Rockstars. Children should be completing at least 3x5 minutes each week.
