

	Class – Hedgehogs, Squirrels and Owls	Learning question for the term– How has transport changed?	Science focus for the term – Living things and habitats.	RE focus for the term – Thankfulness
<p>At Coningsby St Michael's, we believe all areas of the curriculum are important. This term we would like you to choose a minimum of 4 activities from the grid below, as your homework tasks. Other than reading and times table practise, no weekly homework will be set. We hope that this style of homework will encourage everyone to take part and give parents a chance to become more involved in working with their children on fun, creative and exciting activities. Children's completed homework tasks will be recorded and monitored. Children who successfully engage in home learning tasks will be rewarded at school.</p>				
<p>Please ask parents, family members or friends to join in and have fun. You can use your homework task book for writing tasks, evidence logs, saving photos or collecting any other evidence of your learning. When each task is completed you need to bring it in or take photographs. The photographs do not have to be printed and can be sent to your class teacher using Class Dojo. When evidence is seen we will tick off your tasks and record your choices. We are hoping by giving everyone choices that a selection of activities will be completed by pupils with support from family members. Teachers will speak to parents if children are not engaging in home learning activities.</p>				
Maths Year 1 try this challenge: https://nrich.maths.org/6927 Year 2 try this challenge: https://nrich.maths.org/14052	English Look at a picture of methods of transport, choose your favourite, can you write a description of it?	Science You could do a variety of things for science this term; Make a bug hotel. Go for a nature walk and look under rotten leaves and wood, what animals can you find? Remember not to move them!	Art Design your own future vehicle! You can be as imaginative as you like. What would it look like? How would it move? What would it be made from?	
RE What are you thankful for? Talk to your parents about it. We've just had Christmas, have you written any thank you letters? Write a letter to someone to say thank you for something they have done for you.	History Choose your favourite mode of transport and research how it has changed over time. Write down what you find out and then ask someone to film you as a newsreader explaining what you found out.	Computing https://beebot.terrapinlogo.com/ Have a go at using a bee bot online or alternatively download the bee bot app.	Maths Year 1 try this challenge: https://nrich.maths.org/5652/index Year 2 try this challenge: https://nrich.maths.org/6883&part=	
English Using your own vehicle from the Art homework. Write an adventure story featuring your vehicle.	PSHE Working as a team with your family design and make a creature out of paper and craft supplies.	Healthy Eating Look at the eat well plate. https://www.twinkl.co.uk/teaching-wiki/eatwell-plate Design a meal that has something from each part of the plate.	Cooking Can you design and make a valentines treat.	
Reading – Children should be encouraged to read every day. Please spend 5 or 10 minutes listening to your child read and discussing their books. Children need to read their books 3/4 times so they understand it.		Maths – All children from Year 1 to Year 6 have all been provided with a log in for Times Table Rockstars or numbots. Children should be completing at least 3x5 minutes each week.
