

Spring Term 1

Maths

As mathematicians we will be exploring capacity and mass, height and length. We will be exploring numbers by partitioning and comparing.

Literacy

We will be using our texts explore letter writing, non-fiction texts and how to find and describe settings, characters and key events in increasing detail. We will be popping to the post office to send off our own letters too!

KUW

In art we will be comparing artists from Africa and the Arctic by David McEown. We will explore the palettes they use and the materials they create with.

In Science and Geography, we will explore all things cold.

Freezing, melting and comparisons between hot and cold parts of the world.

PSED

In our shared PSED session we will be exploring aspirations, how to achieve goals and understanding the emotions that go with this.

Things to note:

We will be continuing our learning outdoors. Please make sure your child has a named warm coat and if possible some wellies.

From the 13th January parents are invited in to read with their child from 2:50-3:10pm. This will be a weekly event. Children can be taken home at 3:10pm with their adult.
