

	<b>Class:</b> <b>Year 3</b> <b>Term: 3</b>	<b>Science focus for the term:</b> <b>Animals and humans</b>	<b>Enquiry Question:</b> Nothing changed from the Stone Age to the Iron Age in Britain, did it?	<b>RE focus for the term:</b> <b>Christianity</b>	
<p>At Coningsby St Michael's, we believe all areas of the curriculum are important. This term we would like you to choose a minimum of 4 activities from the grid below, as your homework tasks. Other than reading and times table practise, no weekly homework will be set. We hope that this style of homework will encourage everyone to take part and give parents a chance to become more involved in working with their children on fun, creative and exciting activities. Children's completed homework tasks will be recorded and monitored. Children who successfully engage in home learning tasks will be rewarded at school. Please ask parents, family members or friends to join in and have fun. You can use your homework task book for writing tasks, evidence logs, saving photos or collecting any other evidence of your learning. When each task is completed you need to bring it in or take photographs. The photographs do not have to be printed and can be sent to your class teacher using Class DoJo. When evidence is seen we will tick off your tasks and record your choices. We are hoping by giving everyone choices that a selection of activities will be completed by pupils with support from family members. Teachers will speak to parents if children are not engaging in home learning activities.</p>					
<b>Maths</b> Can you create a series of arrays to show your multiplication and division facts for the 3's, 4's and 8's times tables? Have fun learning and practicing on this website! <a href="https://www.timestables.co.uk/">https://www.timestables.co.uk/</a>	<b>English</b> Compose a shape poem for a river, mountain or volcano. There are lots of examples on line. <div style="text-align: center;"> <p>A volcano.            A huge rock,            shooting lava up into            the air! Everyone runs for            cover. Lots of thick, black smoke            pours out of the top, giving you a warning            before the explosions start. Nothing can stand in its            way. Sometimes they don't blow up for hundreds of years.            Still thousands in the world but they don't all work, some are even underwater.</p> </div>	<b>Science</b> Cook a healthy tea with an adult, take photographs and record its nutritional value in a table. For example which food items would be proteins, carbohydrates, calcium?			<b>Art</b> Can you make an Iron age round house?  Can you investigate and reproduce some Iron Age Celtic patterns?
<b>Maths</b> Create your own money addition and subtraction questions.	<b>English</b> Find out about the water cycle and produce an poster to explain what it is.	<b>RE</b> Research into family member or friends who have been baptised and write a recount of events that happened during their Baptism.			<b>History</b> Can you find out about Stonehenge and write a factfile?
<b>Outdoor Focus</b> <b>Can you draw your own stone age image in the mud.</b>		<b>PSHE</b> Can you create your own dream jar? Use an empty jam jar and fill with images or objects that make you happy. Can you explain your happy dreams to your class mates?			
<b>Reading</b> – Children should be encouraged to read every day. Please spend 5 or 10 minutes listening to your child read and discussing their books.		<b>Maths</b> – All children from Year 1 to Year 6 have all been provided with a log in for Times Table Rockstars or Numbots. Children should be completing at least 3x5 minutes each week.
