

THE CONINGSBY CONNECTION!

SEPTEMBER 2026 WEEK 4

Another Exciting Week at CSM

It has been another exciting and positive week at CSM. As I walk our corridors and visit classrooms each day, I continue to see learning brought to life. Our classrooms are full of enthusiastic children who are engaged, curious and developing a genuine love of learning. Over the last few weeks alone, I have learned more facts about volcanoes than I ever thought possible!

As we become more settled into the school year, it is wonderful to see children growing in confidence within their new classes and routines. Behind the scenes, we are working tirelessly to create opportunities that enrich our children's experiences and help them flourish both academically and personally.

Our school leaders remain fully focused on developing high-quality teaching and learning across the school and raising attainment for all learners, whilst maintaining the inclusive and adaptive approaches that make our school such a special place. We are committed to ensuring that every child receives the support, challenge and encouragement they need to succeed.

This week, we were privileged to welcome Katie Marsden, Head of Service for SEND at Lincolnshire County Council. Following her visit, she shared some incredibly positive feedback:

"From the moment I stepped through the door, there was a genuine sense of warmth and welcome around the school. The atmosphere felt calm, positive and purposeful, and that continued throughout the visit."

We were incredibly proud to receive these comments as they reflect the values, care and dedication shown by our staff and children every single day.

At CSM, everything we do is for our children. Our commitment to our school community never falters. Every day, we strive to be the very best we can be for our children and families. We may not always get everything right, but one thing remains constant: we care deeply about every child and family in our community and work with all our hearts to ensure they feel valued, supported and able to thrive.

GROWING AND THRIVING AS PART OF THE LAAT FAMILY!

Being part of the LAAT Trust continues to bring exciting opportunities for the development of our school and the experiences we can offer our children. Through the support of the Trust, we have been able to maintain our ambition and vision for CSM, investing in improvements that enhance both our learning environment and the day-to-day experiences of our pupils.

Over the past year, we have worked hard to transform the look and feel of our school, creating modern, welcoming and inspiring spaces where children can learn, grow and thrive. These developments are about much more than aesthetics; they are about creating environments that encourage creativity, curiosity and a sense of belonging.

Our children have particularly loved the addition of our beautiful new library, which has quickly become a hub of reading and discovery. The development of our Hub space has provided opportunities for collaboration, support and wider learning experiences, while our bright, airy corridors have transformed the atmosphere around the school, creating spaces that feel calm, vibrant and engaging.

We are incredibly proud of these improvements and the positive impact they are already having on our school community. We invite you to take a look at some of the investments that have helped shape our school environment and made CSM an even more special place to learn.

THIS WEEK AT CONINGSBY...

Friday 4th September
Expanded noun phrases

Yesterday afternoon, a mysterious, strange crime scene happened inside the classroom. The investigators immediately headed inside to see a destroyed, messy classroom floor...

At first sight, there was a red, spotted chair tipped over blocking the walkway. Whatever thing this was brought some to the outside with it, as there was many green, bushy branches scattered all across the floor.

There were some huge, dirty footprints that looked like they belonged to a furry, black gorilla or a peculiar forest creature. The window was full of blackish brown, stringy goo, dripping onto the floor.

The questionable, unsolved case will be figured out until further notice is found.

Creative and exciting ways to learn that create lasting memories!

Terrible Beast

Beauty all around us in our forest school!

ATTENDANCE CHAMPIONS!

A huge congratulations to Mice Class, who achieved an incredible 100% attendance this week. What an amazing achievement! We are so proud of every child and family for their commitment to being in school each day.

Our children are responding brilliantly to our new attendance reward charts. Pupils earn a sticker each week for achieving 96% attendance or above, and it has been wonderful to see so many children taking pride in reaching their attendance goals. Every day in school matters. Each lesson provides valuable learning opportunities, friendships, experiences and memories that cannot be replaced. We want every child in school, learning, growing and thriving alongside their peers.

Thank you to all our families for supporting us in making attendance a priority. Together, we can ensure that every child has the best possible opportunity to succeed.

PARENTS' EVENING REMINDER

 Parents' Evenings – 7th & 8th October

We are looking forward to welcoming parents and carers into school for our upcoming Parents' Evenings on Wednesday 7th and Thursday 8th October.

These meetings provide a wonderful opportunity to celebrate your child's achievements, share successes from the start of the academic year, and discuss their progress with their class teacher. Working together is key to ensuring every child thrives both academically and personally, and we value the strong partnership we have with our families.

Full details, including booking information, will be shared via MCAS over the coming week, so please keep an eye out for further communication.

We look forward to seeing you there and celebrating the many achievements of our wonderful children.
