

Home Learning Week Commencing 29.11.21

RWI / English

Mrs Dobson's group – This week, we are starting to create an information text about the planets! Research each of the 8 planets and come up with at least 3 facts for each. Organise your information under sub-headings for each planet. (We will be writing next week so please bring your facts to school when you are back!)

Maths

This week we are starting to look at money! See what coins and notes you can find around the house. Do you know the value of these coins and notes? Create a poster showing the values.

We are also looking at counting money – use up to 5 coins and count the amount of money you have.

I will attach some additional activities to complete too.

RE

This week, we are learning about Islamic weddings. Use the information on the website to learn about what happens at an Islamic wedding and then create your own Mendhi pattern by drawing around your hand.

History

This week, we are learning about Tim Peake. Use

<http://www.bbc.co.uk/guides/z822hv4> to research about him and then create a fact file. Make sure to include

- Name
- Date of Birth
- Childhood
- Achievements
- Fun Facts

Science

We are starting to learn about living things and their habitats. We will be completing a minibeast hunt! Using the sheet on the website, see how many mini-beasts you can find in your garden!
