					pinch, slab and coil techniques. Use pipe cleaners, sculpting wire, natural objects or clay to create figures.		
Why Here/Why now	To develop muscles in the children's hands to promote fine and gross motor control.	Build upon fine motor skills for handwriting and scissor control from Reception. To give the children opportunities to discuss and experiment with creating a different texture through the use of imprinting and mark making.	Introduces the children to a 3D art form. It provides the children with skills to successfully join materials together using water and clay/slip. Build on knowledge of sculptors work to enable the children to create their own 3D art form.		Build on previous knowledge of a 3D art form and begin to look at and consider perspective. To enable the children to develop skills of embellishing when looking at intricate detail.		
Key Vocabulary	Rolling, squeezing, pinching, twisting, patting, stretching, salt dough, playdough, plasticine	Texture, construct, sculpture, sculptor, manipulate, form, stamp, slip.	Texture, slip, malleable.		Slab, emboss, engrave, imprint, combing, mould.		

Possible artists to use.	Jill Townsley Andy Goldsworthy	William Morris	Joy Danila		Henry Moore		
Theoretical Knowledge. (Cultural and contextual content)	<p>Theoretical knowledge needs to be the starting point for each unit of artwork. This will include,</p> <p>EYFS/Yr1- To have an image of the focus artist with examples of their work to chose from. Children are to select their favourite pieces to add to their sketchbooks as a montage.</p> <p>Yr2, Yr3, Yr4- As above, but to include discussion and written sentences to clarify the choice of work. The children begin to interpret pieces of work thinking about how and why questions in relation to the artist's work.</p> <p>Yr5, Yr6- As above, but to create a detailed fact file of the focused artist. The children to continue to improve their ability to interpret pieces of work thinking about how and why questions in relation to the artist's work.</p>						
Practical Knowledge	<p>Your practical knowledge is the content lined out in the long-term plan. Practical knowledge will develop over the course of the term by ensuring your lessons are sequential and builds up to a final piece of work.</p>						
Disciplinary Knowledge	<p>Children explore concepts of quality, value, and purpose. This should link to your theoretical knowledge and should give a personal response to the art work they are focusing on.</p>
