

Class: 3A and 3P WB: 13.7.20	Learning question for the term: Is it a monster or a robot?	RE focus for the term: Big Questions What does it mean to live a good life?	Science focus for the term: Magnets	Geography focus for the term: European mountains and mountain ranges	English Texts for this term: The Iron Man
----------------------------------------------------------	---------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------	---------------------------------------------------	------------------------------------------------------------------------------------	---------------------------------------------------------

Below are some activities so that children can continue their learning during the school closure.

Maths Go to Oak National Academy https://classroom.thenational.academy/subjects-by-year/year-3/subjects/maths Work through lessons 1-5 on: <i>Time</i> (1 lesson per day).	English Imagine there was a book called 'The Iron Man 2'. Your task is to draw and write a detailed description of what this Iron Man would be like. Remember to include: <ul style="list-style-type: none"> • Powerful adjectives and adverbs • Similes • A variety of punctuation. • Paragraphs • Correct spelling of homophones 	English – Spellings Look at each of these words: <ul style="list-style-type: none"> • Ache • Christmas • Anchor • Choir • Echo • School Each of these words has 'ch' in them. What sound does the ch make in each word? Can you think of any words that have 'ch' in them that make the same sound as the words above? Write each one in a sentence.
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Art Children's Art Week runs from Monday 29 th June – Sunday 19 th July. Over the 3 weeks there is a different theme each week. This week's theme is Literacy and creative writing. Your task is to design and create a postcard that could be sent from Coningsby. With your postcard you need to draw a picture and write the name of Coningsby on the front. On the back you will need to write the name and address of the person you are sending the postcard to on the right hand side. On the back on the left hand side, you need to write what Coningsby is like, what there is to do in Coningsby and what the weather is usually like. Use the template on the following page to help you.	PE Have a go at the 'Jumping Dice' activity on the following webpage: https://www.youtube.com/watch?v=ufTx2tjT_VQ&list=PLnwoPgo24bhmqV8Y76iXnwYw9T9AlxbqJ&index=25&t=0s Roll a 1 = Perform 20 star jumps. Roll a 2 = Perform 20 tuck jumps. Roll a 3 = Perform 20 pencil jumps. Roll a 4 = Perform 20 jumps with a 1/2 turn. Roll a 5 = Perform 20 jumps with a full turn. Roll a 6 = Perform 20 squat jumps	RE What has been your favourite Bible story you have read / listened this year? Why is it your favourite? What did you learn from reading / listening to it? Which of our 6 Church School Values does it link to?	Geography Read the information on European Mountain Ranges on the following pages and answer the questions.	French See the separate activity on the Year 3 class page of the school website.	Science Go to the following website, watch the video and read the information about: How to use scientific equipment: https://www.bbc.co.uk/bitesize/topics/zxij6s/g/articles/z2qqj6f Now do the activity. What equipment would you use if you were doing the following investigations: <ol style="list-style-type: none"> 1. Measuring the height of sunflowers over a few months. 2. Measuring the temperature of hot water as it cools. 3. Our pulse rate after doing different types of exercises. 4. How far a toy car travels along different surfaces after being released down a ramp.
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Reading – Children should be encouraged to read every day. Please spend 5 or 10 minutes listening to your child read and discussing their books. We would love to know about what books you have been reading, so why not write a book review when you have finished!	Maths – All children from Year 1 to Year 6 have all been provided with a log in for Times Table Rockstars or Numbots. Children should be completing at least 3x5 minutes each week.

European Mountain Ranges

The Pyrenees

Located in south west Europe, the Pyrenees form a high border between France and Spain, stretching 270 miles (435km) from the Bay of Biscay to the Mediterranean Sea. The highest peak is Pico de Aneto, which is 3,404 metres high.

There are two rail lines which cross the Pyrenees, along with a number of roads. Some of the major roads use tunnels but others are high routes which are sometimes closed during the winter months due to bad weather.

The Alps

The Alps stretch from Slovenia to Austria, passing through countries such as Italy, Switzerland, France and Germany. During the warmer months, people come to visit to see the wonderful scenery, to go mountaineering, hiking, mountain biking and even paragliding. In the winter, people mainly visit to ski or snowboard.

The highest peak here is Mont Blanc (White Mountain) which stands at 4,810 metres in height, making it the highest peak in Western Europe. A nearby town named Chamonix was where the first ever Winter Olympics took place in 1924.

The Alps play an important role when it comes to the weather too. They act as a wind barrier meaning that south of the Alps is slightly drier and warmer.

European Mountain Ranges

The Carpathians

This huge mountain range stretches through seven different countries; the Czech Republic, Slovakia, Poland, Hungary, Ukraine, Romania and Serbia. The mountains are home to 18 million people as well as variety of animals such as wolves, bears and lynx.

The Apennines

This mountain range runs straight down the centre of Italy, ending on the island of Sicily. The mountains separate the east and west, acting like Italy's 'spine'. They stretch for 830 miles (1,350km) and are the source of almost every river in Italy, including the Tiber and Volturno. The highest point is Mount Corno which is nearly 3,000 metres tall.

The Urals

Forming the border between Europe and Asia, the Urals are around 1,550 miles long (2,500 km). They run from the north to the south of Western Russia and are about 300 million years old. The highest peak is Mount Narodnaya which is 1,895 metres tall.

The Balkan Mountains

This range stretches for 560km, from the Bulgarian/Serbian border, through Bulgaria and to the Black Sea. The highest peak is known as Botev (2,376 metres) and is located in Bulgaria. The large mountain range can be further broken down into three mountain ranges – the Central, Western and Eastern Balkan Mountain Ranges. Bulgaria's widest river, the Iskar, also flows through these mountains.

Questions

1. Where are the Pyrenees located?

2. Which mountain range stretches through Italy AND France? Tick **one**.

- The Apennines
- The Alps
- The Pyrenees
- The Carpathians

3. What does Mont Blanc mean in English?

4. Name **two** things that the Alps is famous for.

5. Which of the following is NOT a country that the Carpathians travel through? Tick **one**.

- Slovakia
- Romania
- Germany
- Serbia

6. In your own words, explain why the Apennines have been described as 'Italy's spine'.

7. What is the highest peak in the Urals? Tick **one**.

- Mount Corno
- Mount Botev
- Mont Blanc
- Mount Narodnaya

8. Where do the Balkan Mountains finish? Tick **one**.

- The Bay of Biscay
- The Red Sea
- The Black Sea
- The Dead Sea
