English

Please write a set of instructions for your creature to tell someone how to look after it.

Your instructions need to contain the following sections

<b>Beginning</b> Intro- hook the reader so that they want to read the instructions. Explain clearly what the instructions will help the reader do. Remember to include a question.
<b>Middle (What you need)</b> List of what you need.
<b>Steps to take (What to do)</b> Use time words to connect. Make sure your steps are in a sensible, chronological order.
<b>End</b> Final – point reminder, word of warning or encouragement to the reader.

You may need to make some quick notes to remind you of the plan you made. Don't worry if you can't remember exactly.

I'll be looking for:

Well set out instructions

Use of time adverbials

Sentences that make sense

Correct spelling

Parenthesis

Complex and compound sentences

Noun phrases

You could add diagrams to explain your steps more fully.

I'm looking forward to reading them. Please send them via class dojo.
