Why not write a Christmas story?  
Here are a couple of story ideas or feel free to make up your  
own...

### Christmas Wishes

“If I told you that pulling this Christmas cracker would make you travel back through time, would you believe me?”

I smirked playfully, shook my head and glanced up at him. He wasn't joking! He definitely wasn't joking!

“Shall we?” He asked, offering me the other end of the cracker...

## The Night the Snowmen came

On Christmas Eve they came...

She had first seen them through the sitting room window, as she peeked out cautiously through a gap in the curtains.

Opening the front door, the little girl took a sharp intake of breath as thousands upon thousands of snowmen stared at her. Many of the small, white figures carried signs, written in different languages.

They must have travelled from all over the world to be here, on this special night of the year. But... Why had they come?

Why not try making these simple angels. You could hang them on the Christmas tree or make place names for your Christmas table. You can colour them, give them faces and maybe even add some glitter! There is a simple template for you to use.

These cute little Reindeer are lovely. Again, there is a separate template to help you if you want to try making one of these...  
Please note: you do not need to use the big head template on the sheet provided - I think that is for another activity!
