

	Year 6	Learning question for the term  Has the world gone bananas?	Science focus for the term  How can you light up your life?	RE focus for the term:  Creation and Science: Conflicting or Complementary?
<p>At Coningsby St Michael's, we believe all areas of the curriculum are important. This term we would like you to choose a minimum of 4 activities from the grid below, as your homework tasks. Other than reading and times table practise, no weekly homework will be set. We hope that this style of homework will encourage everyone to take part and give parents a chance to become more involved in working with their children on fun, creative and exciting activities. Children's completed homework tasks will be recorded and monitored. Children who successfully engage in home learning tasks will be rewarded at school.</p> <p>Please ask parents, family members or friends to join in and have fun. When each task is completed you need to bring it in or take photographs. The photographs do not have to be printed and can be sent to your class teacher using Class DoJo. When evidence is seen we will tick off your tasks and record your choices. We are hoping by giving everyone choices that a selection of activities will be completed by pupils with support from family members. Teachers will speak to parents if children are not engaging in home learning activities.</p>				
Maths – Record the overnight temperature where you live for 7 days and put this in a line graph.	English – Find a poem and learn it. Present it to the class.	Science – Draw a circuit diagram to explain how the lights in your bedroom work.	Art – create a portrait of a member of your family. You could use pencil, paint, collage or a drawing program on a computer.	
RE – write and illustrate a poem all about 'Our Wonderful World'. Think about all of the things you would include.	Geography – create a fact file about different types of extreme weather e.g. tornadoes, earthquakes.	Science – Make a poster to inform people how to use electrical appliances in their home safely.	PE – In a safe space devise a gymnastics routine including jumps, rolls and balances and show it to the rest of the class in gymnastics.	
English – Write a diary entry after you go on a trip somewhere or choose somewhere you have been before to write about.	PSHE – write a letter to someone in your family telling them why they are important and special to you.	Maths – Record the amount of rainfall for seven days and create a bar graph showing this information.	Cooking – Research different foods that come from Brazil. Find a recipe and make a meal that includes at least one of these as an ingredient.	
Reading – Children should be encouraged to read every day. Please spend 5 or 10 minutes listening to your child read and discussing their books. Please encourage your child to fill in their reading record.		Maths – All children from Year 1 to Year 6 have all been provided with a log in for Times Table Rockstars (5 Studio and 5 Garage) or Numbots. (at least 3x5 minutes each week)
