THE CONINGSBY CONNECTION!

SEPTEMBER 2026 WEEK 5

Another amazing week of learning at Coningsby St Michael's School!

I have loved seeing the wonderful learning taking place across our school this week. Our EYFS children have settled beautifully into school life and are already demonstrating fantastic learning both inside and outside the classroom. We are incredibly proud of how well they have embraced new routines, friendships and learning opportunities.

A gentle reminder that Parents' Evening and our Book Fair will take place next week. We would love to see as many families as possible supporting these events. Parents' Evening is a valuable opportunity to celebrate your child's achievements and share just how wonderfully they are progressing.

Thank you for your continued support. It is a privilege to see our children thrive each day, and I am incredibly proud to lead such a special school community.

Mrs Eden

THE INCREDIBLE 5 POINT SCALE

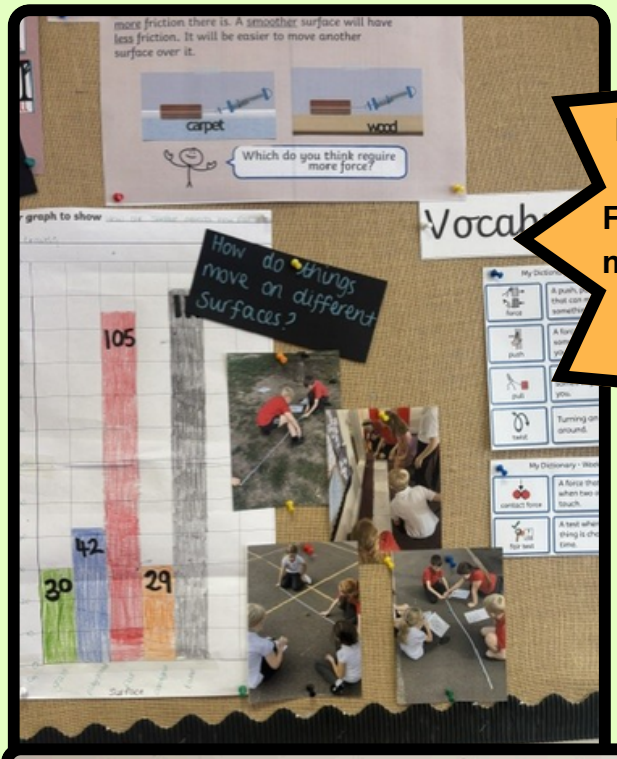

At Coningsby St Michael's, we are committed to supporting not only children's academic success but also their emotional wellbeing. One of the valuable tools we use across our school is the Incredible 5-Point Scale, which helps children recognise, understand and communicate their emotions in a simple and effective way.

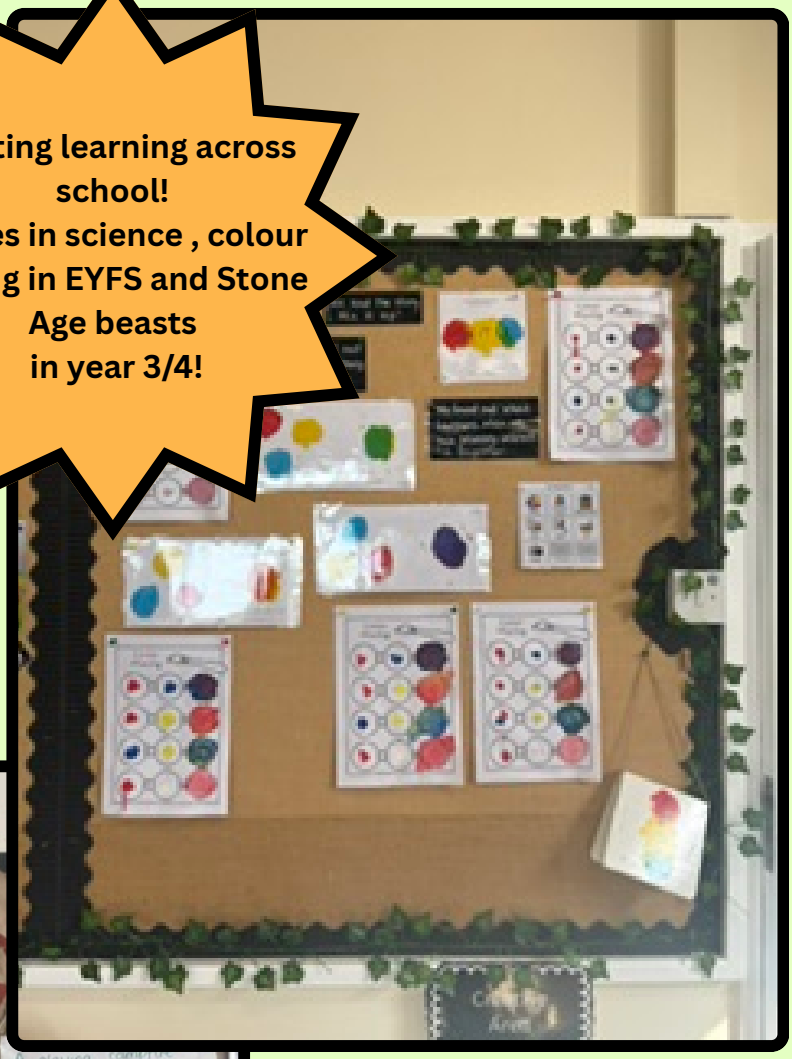

The Incredible 5-Point Scale provides children with a visual framework to identify how they are feeling at any given moment. Using a scale from 1 to 5, children can indicate their emotional state, helping staff and peers better understand how they are feeling. This simple approach empowers children to express emotions that they may otherwise find difficult to put into words. Every child has access to their own personalised 5-Point Scale. Alongside this, they develop individual strategies that help them regulate their emotions and return to a calm and ready-to-learn state. For some children, this may involve taking a movement break, using sensory resources, talking to a trusted adult or finding a quiet space to reflect. By identifying strategies that work best for them, children gain valuable skills that support their independence and resilience. Please ask your child about it.

THIS WEEK AT CONINGSBY...

Exciting learning across school!
Forces in science , colour mixing in EYFS and Stone Age beasts in year 3/4!

LAAT

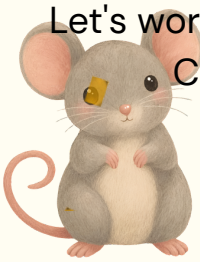

ATTENDANCE CHAMPIONS AGAIN!

A huge congratulations to Mice Class, who are our attendance champions once again this week. Wow! They must really love coming to school!

The attendance trophy is staying firmly with Mice Class for another week, but can another class rise to the challenge and claim it next week? We can't wait to see who will be our next champions.

Remember, every day matters. A day lost is a day of learning missed. Every school day brings new opportunities to learn, explore, create friendships and make wonderful memories. By coming to school every day and arriving on time, children give themselves the very best chance to thrive and succeed.

Let's work together to achieve the best attendance possible across the whole school. Come on, everyone, let's see who can take home the trophy next week!

Reading at Home

Reading with your child at home is one of the most important ways you can support their learning and help them develop a lifelong love of books. Just a few minutes of reading together each day can make a huge difference to their confidence, vocabulary and enjoyment of learning.

We kindly ask all families to support home reading and remember to log your child's reading on your account. By recording reading at home, we can celebrate their achievements and work together to encourage positive reading habits.

We are incredibly proud of all our children and the progress they are making. Reading together is a wonderful way to support their development, nurture their imagination and help them become confident, enthusiastic readers.

Thank you for your continued support. Together, we can inspire a love of reading that will last a lifetime.
